**To ensure a perfect success, don't forget to knit your tension square.**

Cast on 10 stitches more and knit 6 or 8 rows more than the number given in the instructions for the tension square.

Compare the number of stitches and rows which you have obtained to 10 cm or 4 in square, with those given in the instructions.

◆ if there are too few stitches and rows to 10 cm or 4 in square, you are knitting too loosely, use a smaller size needles.

◆ if there are too many stitches and rows to 10 cm or 4 in square, you are knitting too tightly, use a larger size needles.

◆ if your tension square matches ours, you can begin following the instructions.

Warning to first readers: these sweaters are made exclusively for and with Anny Blatt yarns. Any substitution will definitively affect the overall appearance and feel of the garment.

**JACQUARD PAT:** Read charts from right to left on RS rows and from left to right on WS rows. use a separate ball for each block of color. to avoid holes in work when changing colors, twist yarns on WS. At every color change, make 1st row a K row on RS or P row on WS (to prevent color from previous row from showing through).

**Assembling directions:** Place each knitted piece on a towel over a flat surface, and pin to measurements following schematic. Steam lightly (except for Mohair, Angora and Stretch' Anny). Allow to dry then remove pins.
